

Best Practices in Mental Health Professionals Working with Persons with Aphasia

Select Journal Articles

Assessment

This is a selection of journal articles and podcasts to support or build on the topics introduced during the training: Best Practices in Mental Health Professionals Working with Persons with Aphasia. It is not an exhaustive list of available resources. The links included are current as of March 2023. We would like to thank Ellen Bernstein-Ellis, M.A., CCC-SLP for contributing to this list. Other than our own work, we do not specifically endorse any of the organizations, facilities, programs, products or services listed.

Journal Articles

Barrows, P. D., & Thomas, S. A. (2018). Assessment of mood in aphasia following stroke: Validation of the Dynamic Visual Analogue Mood Scales (D-VAMS). *Clinical Rehabilitation*, 32(1), 94-102. <https://doi.org/10.1177/0269215517714590>

Van Dijk, M. J., de Man-van Ginkel, J. M., Hafseinsdottir, T. B., & Schuurmans, M. J. (2016). Identifying depression post-stroke in patients with aphasia: A systematic review of the reliability, validity and feasibility of available instruments, *Clinical Rehabilitation*, 30(8), 795-810. <https://doi.org/10.1177/0269215515599665>
